BushwickBK.com: the neocons haven't even figured that out yet
me: yeah lol
BushwickBK.com: morons
me: well
me: I can tell you

BushwickBK.com: and all the hicks are like gurr what's my line!?
me: that I've consolidated power among Anon
me: and now am in charge of messaging
BushwickBK.com: meaning
me: and have recruited the best for PM
me: it means I'm going to do Eritrea
me: as a PM revolution
me: nuanced, etc
me: I have contacts already
BushwickBK.com: haha you'r ejust gonna DO it?
me: Gregg and I had to get Anon to do things other than DDoS
me: it took a month
me: but we did it
BushwickBK.com: you're like a fag looking for house to rehab in an untouched hood
me: I don't understand fag talk!
BushwickBK.com: Eritrea, the next best thing, honey
me: oic
me: understood
BushwickBK.com: ok anyway
me: Eritrea is convenient
me: small
me: and actually
BushwickBK.com: what IS anon doing that isn't cosmetic?
me: there's a large Eritrean community here
BushwickBK.com: also Eritrea is beautiful
me: are you serious?
me: what have we done so far that you know of
me: ?
BushwickBK.com: yes, they took down, for example, MC's online business card for a day
me: yeah

BushwickBK.com: I wanted them to scramble MC's fucking accounts
BushwickBK.com: haha

me: suffice to say we've done quite a bit
me: and did it with Tunisians

me: and others
me: and we've got some stuff in the works
me: building dark nets, etc
me: Anon has changed
me: and we're not done changing it yet
me: when we are
me: it will be capable of knocking down most any third-world dictatorship and plenty else besides
me: I'm staking my reputation on it
BushwickBK.com: hot
me: or what's left of it
BushwickBK.com: in this vein
BushwickBK.com: you noticed the world went anarchist for a bit the other day
BushwickBK.com: when the reality hit them
BushwickBK.com: I mean on CNN et al
me: yeah
me: I haven't seen any TV media lately
BushwickBK.com: regular people spontaneously kept shit running
me: been busy as fuck
BushwickBK.com: EVEN AS THEY WERE ASSAULTED
me: yeah
me: dude
BushwickBK.com: by the state
me: you need to see these IRC channels
me: and what goes down
me: and how
me: this is the fucking path, man
BushwickBK.com: stateless order disrupted by state choas
me: this is the answer
me: we've all seen it
me: now
me: everyone involved knows how to do this
BushwickBK.com: and suddenly some suit on CNN saying "we need to start thinking about governANCE, not governMENT"
me: lol
BushwickBK.com: its fuckin exciting
me: damn right it is
BushwickBK.com: and everyoen at Antiwar is a fan of anon
me: good
BushwickBK.com: we're rooting even for the aesthetic takedowns
me: any of them who want to work with the best of them
me: come to PM

BushwickBK.com: and we obsessively cover it
me: I've got everyone worth having
me: well
me: there will be a Bloomberg piece on us later today
me: talked to reporter earlier
me: and another NYT piece with more in-depth
me: remember
me: I control legal defense for the guy who owns anonops.ru server
me: and have respect among "his" people
me: and the only other major faction
me: is run by Gregg
BushwickBK.com: ah
me: whom I've gotten a book deal
me: through
me: Barry Eisler
me: and with whom I'll be speaking in April
me: meanwhile I've expanded my contacts, etc
me: got film treatment to turn in tonight
me: to Robert Green
me: who
me: optioned Gregg Mitchell's book on Wikileaks
me: and who will need me to get Assange to sign off
me: via Greenwald
me: who is also
me: speaking with us in April
BushwickBK.com: stop naming all my heroes
BushwickBK.com: overload
me: pretty soon we'll be in control of a much larger coalition and we'[ll have money
me: and then the fucking dominoes fall, sweetheart
me: not bad for a junkie, eh?
BushwickBK.com: the true domino theory
BushwickBK.com: lol
me: that'll show DieHipster.com!
me: seriously, though
BushwickBK.com: yeah when their warstate is dead and they're against the wall
me: I want you involved to the extent that you're able
me: there's also money in this
me: jobs, etc
BushwickBK.com: I need to organize my life better
me: so you'd be able to...
BushwickBK.com: to make time for important things
me: do that thing you just said

BushwickBK.com: I'd do it for free
me: I know
me: I mean
me: that it would be good if you got money easier and thus had more time
me: to help me run Anon/PM
BushwickBK.com: ideally I'd do less grunt work at Antiwar
me: no shit
BushwickBK.com: and more excitng shit to back it up and other things I care about
me: let them hire a kid for that
BushwickBK.com: like TFA
me: TFA?
BushwickBK.com: TOTAL FUCKING ANARCHY
